

COVERED WALKWAY TO CONNECT THE CARLYLE TO PARKING LOT

The Carlyle is proud to announce that not only do we have a developer owned, electronically secured and gated parking facility, but arrangements are now being made to complete an interior passageway that will connect The Carlyle to the gated parking, alleviating the need to go outside to get to the Carlyle Parking Lot. This is just another building block that is being completed to solidify The Carlyle's position in downtown Pittsburgh as the single finest residential high rise community.

If you do not have a parking pass to The Carlyle Parking Lot and would like one, please feel free to go to www.carlylecondo.com to fill out an application and get your monthly parking pass!
